MALCOLM RITCHIE, BS, QSSP, HMTRI

AUTHORIZED OSHA OUTREACH INSTRUCTOR

Malcolm has been teaching companies how to operate safely and stay OSHA-compliant for more than 25 years. He has a keen eye for identifying non-compliant workplace hazards and conducts plant safety assessments, audits and trainings to ensure customers pass OSHA requirements, meet OSHA standards and avoid hefty fines. **Call today! 800.828.8116**

TRAININGS

*Available in webinar format

- Annual Contractor Safety
- Bloodborne Pathogens*
- Confined Space*
- COVID-19 Readiness*
- Emergency Action Plans*
- Employee Safety*
- Fall Arrest (Harness & Lanyard)*
- Fire, Egress & Fire Emergency Plans
- Fire Prevention & Fire Extinguishers*
- Fire & Emergency Evacuation
- Forklift Training
- Hand & Power Tool Safety*
- Harassment & Discrimination
- Hazard Communication*
- Hearing Conservation*
- Heat Stress
- Ladder Safety
- Lockout-Tagout*
- Machine Guarding*
- Martin 8-Hour Safety Training*
- OSHA 10- & 30-Hour Safety Training
- Personal Protective Equipment (PPE)*
- Pesticide Safety*
- Product Support
- Respiratory & Air-Purifying Respirators*
- Safety Data Sheet
- Supervisor Training
- Walking/Working Surfaces*
- Workplace Violence/Active Shooter*
- Written Safety Procedures

SURVEYS

- Custom Solutions
- Eyewash/Shower
- Matting
- Flammable Storage
- Hand Protection
- Facility Signage & Marking

INSPECTIONS/AUDITS

- General Industrial Plant Safety Audits
- OSHA Compliance Consultations
- Plant Safety Inspections
- Written Safety Program Assessment
- Fall Protection Inspections
- PPE Fittings: Hand, Eye, Harnesses & FR Clothing
- Hard Hat Inspection

HAND PROTECTION

Cut-Resistant • Leather • General Purpose • Disposable
Chemical Resistant • Heat-Resistant • Welding

MARTIN FITS LIKE A GLOVE

Martin knows your operation and workforce are unique. Together, we'll create a custom-tailored solution that achieves a safer workplace, reduces lost-time incidents and decreases overall costs.

VENDING SOLUTIONS

Vending places commonly used items like gloves, glasses and hearing protection closer to workstations boosting worker productivity.

You can maintain the proper security level at point-of-use and monitor and report item usage, saving your company time and money.

TIME & MONEY SAVER

Get employees back to work faster by scheduling the **Martin 8-Hour General Industry Safety Training** in place of the OSHA 10-Hour Safety Training which requires two-days of training. Martin's 8-hour training can be completed in one day and counted as your company's regular OSHA mandated safety training.

BREATHE EASY

Respirator fit testing is complex. And, if not done correctly, can put workers at risk. Martin provides professional fit testing with every respiratory purchase to ensure maximized protection with every breath.
