

WATER, REST, SHADE

Heat Stress Products

Under OSHA law, employers are responsible for providing workplaces free of known safety hazards. This includes protecting workers from extreme heat. An employer with workers exposed to high temperatures should establish a complete heat illness prevention program and be sure they have the equipment and PPE needed to stay cool on the job.

ACCUFORM HEAT STRESS SIGN SCK702

Train your employees about the National Emphasis Program. A heat index over 80 degrees requires special attention with a sign as a reminder.

SKU	SIZE	UOM
ACUFSC702	28" x 20"	Each
ACUFSC702	18" x 12"	Each

ERGODYNE CHILL-ITS® 6602 COOLING TOWELS

Dampen synthetic space age towel to create a super-evaporative cooling aid significantly colder than ambient air. Simply wet to activate. Advanced PVA material holds water without feeling heavy. Wear around neck for hours of cooling relief. Machine washable. *Measures: 13" x 29 1/2"*.

Heat Stress Products

ERGODYNE CHILL-ITS® 5155 LOW-PROFILE HYDRATION PACKS

Durable 600-denier water-resistant rip-stop polyester shell construction with insulated 2L bladder to keep water cool for hours. Features adjustable breakaway straps for added safety and an antimicrobial bite valve with cover to keep contaminants at bay.

Hydration Packs save time and energy walking to the water station for more water and helps hydrate on a regular basis. Recommendation when heat index is over 80 to drink 1 cup of water every 20 minutes.

SCHAEFER FAN MISTING SYSTEM

SKU: SCHVMKLP12SO-3B
UOM: Each

Instantly convert your circulation fan into a misting fan with Schaefer low pressure misting kits. The misting kits can reduce air temperature up to 30°F with wind from a fan and standard water pressure from an ordinary garden hose. The kits are easy to use with push releasable connections and optional ball valve water shut offs. Available for fans of all sizes, Schaefer mist kits provide an easy economical solution for your evaporative cooling needs.

SHAX 6000 HEAVY-DUTY POP-UP TENT

SKU: ERGO12905
UOM: Each

The SHAX 6000 Heavy-Duty Pop-Up Tent - 10x10 is a durable instant shelter providing fast, long-lasting relief from the sun, wind, and rain, with a 10ft x 10ft to 3m x 3m footprint.

The powder-coated steel frame is built to withstand the elements and won't easily bend or rust like aluminum. ABS plastic sliders on the adjustable legs are more durable and easier to adjust compared to other tents that have push-pins. This portable tent offers three different heights ranging from 10.2ft - 0.8ft to 3.1m - 3.3m.

WAYCOOL® PORTABLE EVAPORATIVE COOLER

SKU: WC-1/3HPAOSC
UOM: Each

WayCool® portable evaporative coolers use the natural cooling process of evaporating water to reduce temperatures up to 30°F at a fraction of the cost of air conditioning. WayCool blows cooled air in a focused narrow stream at high velocities long distances to provide greater cooling for employees, customers, guests, equipment and livestock both indoors and outdoors!
