NSA was founded in the middle of the Great Depression out of the need to help American workers return home safely from an honest day's work. Through strategic acquisitions, we've expanded both our offerings and our innovations to become the largest manufacturer of American-made safety apparel. Whether you rely on Thermal PPE, Electrical Safety Gear, or Flame-Resistant Clothing to help you get home safe, we've got your back. You work in some of the most dangerous jobs around, and our job is focused on making yours safer and more comfortable.

**We are more than a house of brands. We are NSA.
