### Hear it:

Secure Click connection helps provide confidence that filters/cartridges are installed properly. Simply align the connections and push into place.

### Check it:

Help increase worker confidence that the respirator is being worn properly with the easy, one-touch, user seal check.

### Feel it:

Experience the breathability and comfort provided by the world's first quad-flow gas and vapor filter/combination filter systems.

### Say it:

Utilize the speaking diaphragm to help provide easy communication.

**WARNING**

Respirators help protect against certain airborne contaminants. Before use, the wearer must read and understand the User Instructions provided as a part of the product packaging. Follow all local regulations. In the U.S., a written respiratory protection program must be implemented meeting all the requirements of OSHA 29 CFR 1910.134 including training, fit testing and medical evaluation. In Canada, CSA standards Z94.4 requirements must be met and/or requirements of the applicable jurisdiction, as appropriate. Misuse may result in sickness or death. For correct use, consult supervisor and User Instructions, or call 3M Personal Safety Division (PSD) Technical Service in the U.S.A. at 1-800-243-4630. In Canada, call 1-800-267-4414.
