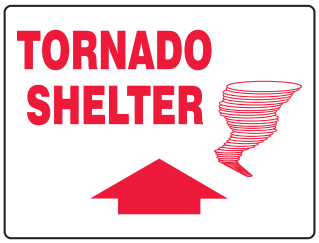
Are You Prepared?

The proper identification of fire safety equipment and emergency routes is crucial to ensuring workplace safety. Ensure that the location of fire alarms, fire extinguishers, hoses, evacuation exits, and emergency routes are clearly marked throughout your facility. These markings not only help in preventing fires but also play a vital role in guiding employees during emergencies. Be prepared—effective safety measures can save lives.

Compliance Counts:
OSHA Compliant: Egress Direction Marking

Egress/Evacuation Signs

18" x 24" **MEXT528**



18" x 24" **MFEX521**

18" x 24" **MEXT520**

18" x 24" **MEXT524**

Muster Point Signs
