

## NSA® ALUMINIZED HIGH HEAT HEAD PROTECTION KIT

### NSA® ALUMINIZED HIGH HEAT HEAD PROTECTION KIT KIT-GRGLD-ALSHRD

- **EXTREME HEAT PROTECTION** – Premium gold faceshield and aluminized shroud provide omni-directional protection from extreme heat, sparks and molten metal splash
- **IMPACT PROTECTION** – Injection molded polycarbonate performs excellent against high-speed impact
- **SUPERIOR BREATHABILITY** – Shroud allows for more airflow providing cool, comfortable protection in high-heat environments
- **BETTER COVERAGE** – Contoured design allows shroud to lay more comfortably over the shoulders to provide better coverage on the sides of the face and neck
- **ENHANCED DURABILITY** – Gold tint is protected by hard polycarbonate exterior to resist damage from abrasion and extend the service life
- **METAL BRACKET** – Built to withstand prolonged exposure to high heat environments
- **COMPATIBILITY** – Bracket and shroud are compatible with most manufacturers' cap style hard hats
- Hard hat not included
